The Pack will implement only nationally-developed Lion Pilot materials, as written. This will help to standardize the program across pilot packs and can provide for more accurate evaluation of the curriculum in order to ensure that it is engaging and relevant to youth. The Pack will administer all surveys related to the Lion pilot, if any, during the course of the pilot to help measure program effectiveness.

Agree not to sell, reproduce, adapt, or distribute the program curriculum or other materials (collectively, "Program Materials") without prior written consent of the Greater Yosemite Council. The Program Materials and the Lion program logo/insignia are the intellectual property of the BSA National Council. The Pack may not grant others the right to use the Lion program logo for any purpose.

If the pilot is terminated for any reason, the pack agrees to discontinue the program and will no longer provide a Lion program or similar program to kindergarten-age youth.

Recruit and organize an active den (5 Minimum) of Tiger Cubs, and insure that all den leaders complete online or classroom leader specific training for their registered position.

The Pack attests that it operates an active program that includes weekly den meetings, monthly pack meetings, summer camp, day camp, and or family camp.
